Thank you for your interest in the programs at Robert Paul Academy. The Academy continuously strives for excellence in the fields of cosmetology and nail technology and takes pride in presenting a cutting edge program delivered by an experienced team of educators that thoroughly prepares the student for an entry level salon position. It is the mission of Robert Paul Academy to provide quality education in the practical skills necessary for licensure and success in the fields of cosmetology and nail technology that includes business skills, customer service, retailing and communications. Our graduates can be found in a wide range of salons and industry related disciplines. Completion of the Academy cosmetology and manicuring programs make the student eligible for licensure, and upon licensure, offer the student an opportunity to become a salon manager, salon owner, platform artist, educator, manufacturer representative and print artist. The state of Maryland requires 1500 clock hours of training for cosmetology license eligibility and 250 hours for nail technology. Students successfully completing the program and achieving a license can reasonably expect to earn above minimum wage as an entry level artist. Upon graduation, your potential for making money is all relative to the practical and theoretical knowledge you have gained through your classroom and practical experiences in school. It is important that you carefully research schools and find one with a proven record of success. Robert Paul Academy enjoys the recommendation of its graduates to future stylists. The student/teacher ratio is approximately 20:1 for cosmetology and 10:1 for nail technology. All team educators have a minimum 10 years salon experience and are required by the Academy to complete continuing education classes in technique, technology and teaching each year. Prospective students should be aware that the cosmetology profession is physically demanding and that prospective students should be in good health and physical condition. Robert Paul Academy offers classes at its location of 29 Greenmeadow Drive, Timonium, MD 21093 which offers 12,600 square feet of state of the art educational and practical work space. Robert Paul Academy is family owned, not franchised. There are no general partners other than those listed and no stockholders. It is incorporated under DARROBE INC DBA ROBERT PAUL ACADEMY OF COSMETOLOGY ARTS & SCIENCES.

I encourage anyone considering cosmetology or nail technology as a career to schedule an interview with our Admissions Directors to review our program and tour the Academy. Federal Financial Aid is available to those students who apply and qualify.

I and the team of educators at Robert Paul Academy look forward to working with you in the future.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

Should you witness a crime in progress, Robert Paul Academy, hereafter referred to as the school requests that you follow these procedures:

- During the hours of 8:30 am – 10:00 pm, Tuesday through Thursday, and 8:30 am – 5:00 pm Friday and Saturday, immediately contact the Director, instructor, or authorized administrative personnel. During all other hours, the school requests that you immediately contact the local law enforcement agency/emergency medical system by dialing 911.
- To ensure the accurate and prompt reporting of all crimes, authorized administrative personnel will take a full written statement from involved parties and witnesses at all reported emergency or criminal incidents. The written statements are included as part of a written report, and such statements may be used by local/state law enforcement authorities for the purpose of criminal apprehension and/or crime prevention.
- The Academy has a text alert system to notify students of campus emergencies. Students may opt in or out of this messaging system.
- The school is in compliance with the Drug Free Schools and Communities Amendment of 1989 (public law 101-226). All students and employees should refer to the memorandum “Drug and Alcohol Policy” for information concerning policies and individual responsibilities required under this act.

Preventing and Responding to Sex Offenses

Victims of sexual assault may call Baltimore Crisis Response Center at 410-752-2272 and the Maryland Crisis Hotline at 1-800-422-0009. Robert Paul Academy educates the student community about sexual assaults and date rape through mandatory orientations. The Police Department offers sexual assault education and information programs to students and employees upon request.
If you are a victim of a sexual assault at this Academy, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The academy strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to an Academy instructor and/or the Academy Director. Filing a report with a police officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny of judgmental opinions from officers. Filing a police report will:

- ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally, a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

When a sexual assault victim contacts the police department, the Metro Police Sex Crimes Unit will be notified as well. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the Academy Director, or only the latter. The Academy Director will guide the victim through the available options and support the victim is his/her decision. Various counseling options are available outside the Academy and can be obtained from the Baltimore Crisis Response Center at 410-752-2272 and/or the Maryland Crisis Hotline at 1-800-422-0009.

The Academy disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Academy Catalog. The Catalog provides, in part that the accused and the victim will each be allowed to choose one person who has no formal legal training to accompany them throughout the hearing. Both the victim and accused will be informed of the outcome of the hearing. A student found guilty of violating the Academy sexual misconduct policy could be criminally prosecuted in state courts and may be suspended or expelled from the Academy for the first offense.

Student victims have the option to change their academic situations after an alleged sexual assault, if such changes are reasonably available.

**Inclement Weather Policy**

In the event of measurable snow, excessive rain, ice, severe storms or potentially dangerous weather, students can access the status of the school in the following ways:

- Call 410-252-4481 or 410-252-4244. A message stating the opening status of the school will be recorded no later than 6:30am.
- Check the Robert Paul Academy Facebook page for inclement weather updates.
- Watch WBAL TV for school status information. The delay/closings ticker at the bottom of the screen runs repeatedly.
Handicapped Information
Robert Paul Academy complies with all provisions of Section 504 of the Rehabilitation Act of 1973 in that no qualified, handicapped person, by reason of the handicap, will be excluded from enrollment. However, if the handicap were determined to be of such a nature as to hinder the progress of the student in the course, or the potential for future employment, the student will be made aware of these concerns. Handicapped persons who seek admission should be aware that the course requires a high level of manual dexterity and coordination in the clinic. Furthermore, state exams test for speed and dexterity. Prospective students should be aware that the cosmetology profession is physically demanding and in order to succeed in the field, an individual needs to be in good health and good physical condition.

Physical Demands of the Profession
Students should be aware that the field of Cosmetology requires both strength and stamina. Students having chronic illness/fatigue, back or neck pain, carpal tunnel syndrome, severe skin sensitivity/allergies, prescription induced illness, drug/alcohol addiction, or any condition that causes them to be incapacitated for undetermined periods of time may want to reconsider cosmetology as a profession.

Ability To Benefit Policy
Robert Paul Academy does not accept Ability to Benefit applicants. The Ability to Benefit is not a valid test for admissions.

Student Enrollment
Prospective students interested in enrolling should first set up an appointment with the Director or Admissions Officer. You must meet the following requirements to be admitted:
1. Be at least 16 years of age.
2. Demonstrate sufficient facility of communication with the English language.
3. Have citizenship of the United States, Visa or Green Card, Permanent Resident, or have applied for residency.
4. Have a valid high school diploma or valid transcript or valid GED. All students are required to provide a copy of either their valid high school diploma or valid transcript or valid GED. These documents must be presented to the Admissions Director upon enrollment. If a student is a GED recipient, the student must provide a copy of the GED, or a copy of the request for the GED form or recognized home school program completion diploma with a copy of the money order that was sent to the appropriate state for the document.

The Admissions Director will review all diplomas, GEDs and high school transcripts to confirm they are official documents. If it is determined that a diploma, GED or high school transcript may have been tampered with, the Admissions Director will request an official document from the respective institution to validate that document. The student will be required to pay all fees necessary to obtain the official documents. If a request is made, all transcripts or official documents must be presented to the Admissions Director in a sealed envelope with the school/institution logo or faxed from the official school/institution where the student received the transcript or official document. A diploma release form will be signed by the student that will permit Robert Paul Academy to request these documents. If the high school transcript or diploma is not received before the start of classes, the Admissions Director will make every attempt to obtain an official high school transcript from the institution listed on the release form. No student financial aid will be disbursed for the student if the Admissions Director does not have the documentation properly validating high school graduation.

To verify that a school is a legitimate licensed school, the Admissions Director will check the Department of Education’s website for the appropriate state. Home schooled students will be required to provide a transcript from their local school district or a transcript certified by a parent. A student that submits a diploma or official document from a foreign country will have their document translated by an appropriate official to verify that their diploma is a valid high school diploma.

Exceptions to the above stated policy include the following:
a. Once the student has provided a copy of the GED request form and a copy of the money order, the student would be permitted to start class, but no financial aid would be disbursed on the student until the school receives the official GED transcript. This can sometimes take up to 6 weeks.
b. If the student informs the Admissions Director that their high school cannot locate the student’s transcript and the Admissions Director has contacted the institution and confirmed that the student has graduated or received a GED, the Admissions Director will request something in writing from the institution to validate high school graduation.
c. If a student received their GED through the military or a Correctional Facility, the Admissions Director would review the official documentation and validate that it meets the high school graduation requirements.
If an official high school graduation cannot be verified, the student will not be permitted to continue in the program.

Code of Ethics
The ethics and ethical standards of practicing hairdressers and cosmetologists contribute to the successful future and advancement of the beauty industry. Although the rules used to guide the conduct of a cosmetologist’s everyday life are varied and many, you can start developing some of your own ethics by being loyal to your school, teachers, classmates, models and patrons. Always observe the school rules and regulations. Maintain a good personality, good image and reputation.

Robert Paul Academy does not actively recruit students currently enrolled in a cosmetology program at a different school.

Student/Consumer Rights and Responsibilities
As you make the commitment to quality education and hands-on experience at Robert Paul Academy, we encourage you to carefully and thoroughly read the catalog in its entirety to evaluate the training you will receive.

A personal interview is required before starting school. Since maturity, poise, and interpersonal skills are so important for success in the beauty field, we feel it is extremely important to evaluate these qualities person to person. Most importantly, the interview gives you the opportunity to evaluate us and determine whether Robert Paul Academy is in line with your career goals. We want to help you make the right decision for your future. The Director is available during normal working hours or by special appointment to discuss the full contents of this catalog with any current or prospective student.

All candidates of Robert Paul Academy receive a current form at the time of enrollment stating the program completion, pass, and placement rates.

Criminal convictions may affect a student’s ability to be licensed.

Student Advisement
The mental well-being, positive self-image and individual growth of the student is very important to the staff at Robert Paul Academy. If you have financial problems, personal concerns, questions, or if you want to discuss a school related issue, the staff is ready and willing to help you manage your problems and reach your goals. The educational team is here to support you and help you do your best while reaching your fullest potential. Any problem areas that require additional help will be directed to the appropriate source of educational support.

Robert Paul Academy of Cosmetology Arts & Sciences Conduct Agreement
This conduct contract between the student and Robert Paul Academy is designed to outline the rules and regulations by which the academy will operate and to clearly define the level of professionalism to which all students and team members will be held. Students who refuse to have their phones held in the office must leave for the day immediately.
13. Students are given a 10 minute break after theory, 45 minutes for lunch, and a short break in the afternoon if time allows. Lunch time begins the minute a student leaves the clinic floor for a lunch related activity. Time taken to order/pick-up lunch is included in the 45 minute lunch break. No breaks are permitted after 4:00 pm.
14. Students scheduled until 5:00pm must be in the building between 4:30 pm – 5:00 pm. Students should not be outside the building or in their car.

16. Students must sign out for afternoon break the moment they leave the building.
17. Time cards must remain on premise at all times.
18. Students are not to enter the office unless they have permission and are with an instructor.
19. Service Area Managers are expected to make the floor teachers aware when they leave their area for lunch with the exception of Dispensary which should always have an attendant.
20. All students are responsible for their own clean up as well as an assigned shop job before they leave for the day. Styling chairs, mirrors, countertops, cabinets, and trolleys are included.
21. Students should check the grade book before leaving for the day to make sure that all their work has been assessed and registered. If grades are not recorded by Saturday, they are not credited.
22. Missed/failed theory exams and student services begin at 3:15 pm through the week. Students must have their own products for personal services. Using the school’s products without permission is stealing and is cause for immediate suspension/dismissal.

**Station Etiquette**
1. Keep your work area clean and free of any food, loose items or open items/containers.
2. Only water is permitted at the floor stations and in the classroom.
3. NO FOOD at the station (student or client) for any reason. Students are not permitted to travel through the clinic salon with food at any time.
4. No one is permitted in the service area/clinic salon unless they are getting a service.
5. Do not use any products other than those provided to you by the school on Academy clients (legal and safety reasons).
6. DO NOT LOAN OR BORROW EQUIPMENT from fellow students. DO NOT leave equipment unattended. If you borrow equipment, return it personally to its owner.
7. Please take items of value with you when you leave the building.
8. Students are expected to sweep around their station after every client and keep the floor around their station free of hair/debris.
9. Be courteous and wipe down your station before going to class so that it is service ready for the next student.
10. Report any necessary repairs to the Director.
11. Respect the property of the school. Propping your feet on stations, chairs, tables, or walls is inconsiderate and unprofessional.
12. Do not sit on manicuring tables, countertops, or armchairs.
13. Do not place your knees into the seat cushion of the styling/shampoo chairs.
14. Do not put your equipment case on the seat of the styling chairs.
15. Clean your station at the end of each day.

**Electronics, Handbags, Book Bags, Tote Bags**
1. No cell phones, cameras, iPods, recorders, or other electronic equipment are allowed to be in use in any learning space (clinic, classroom, front desk, dispensary or reception area) in the building, regardless of whether or not the student is on break/lunch. If a student has an emergency call, they should notify an instructor and take the call outside.
2. Students involved in personal conversation/heated discussion should conduct the call in the privacy of their car or after school hours, not outside the building on school time.
3. Students working in the service areas are not permitted to have electronics, handbags, book bags, or coats in the service area. These items should be left in their car or an Academy locker.

**Disciplinary Policy**
1. Verbal, physical, or digital harassment of a fellow student is cause for immediate dismissal.
2. Any student who threatens another student, staff member, or client will be withdrawn.
3. Disrespectful language towards any administrative or educational team member is grounds for termination.
4. Students who engage in slanderous conversation against the Academy on premise or via social media, or who attempt to defame the quality of the program and reputation of the school will be terminated without exception.
5. Students who are caught stealing from another student or the Academy will be placed on a 10 day suspension and will be terminated on second offense.
6. Any student having a weapon in school will be suspended/terminated at the discretion of the Director.
7. Any student determined to be under the influence of alcohol, drugs, or other illegal substance will be placed on a 10 day suspension to consider treatment. These days will count as absent time and cannot be remediated unless accompanied by a doctor’s note. Readmission is at the discretion of the Director.
8. Inappropriate language, aggressive behavior, physical posturing or refusal to follow the Academy Code of Conduct as outlined is cause for a disciplinary review and possible termination.
9. Loud, obnoxious behavior and or derogatory remarks made openly in the clinic or classroom will result in a disciplinary review and dismissal from the program.

10. Repeated infractions of the Academy Code of Conduct are cause for a student disciplinary review.

**Time Management**

1. Students are scheduled to use time between clients to complete quotas, relieve fellow students who have not been to lunch or who are going to class, keep their station/equipment clean, or complete missed exams (after 3:00 pm).
2. Students SHOULD NOT BE:
   * Talking to a student who is working on a client.
   * Studying, copying notes, or making a note card.
   * Calculating their hours – this is a waste of time. Please see the office manager.
   * Sitting in a chair with your feet up, chatting with other non-busy students.
3. All of the above “what not to do” behaviors are a waste of your time and money. Students can do these things at home at no charge. Students who repeatedly demonstrate these behaviors may want to reconsider cosmetology as a career choice.
4. The work requirements (quotas) posted in the student information folder are the basic minimum requirements for graduation eligibility. Satisfying the work requirements equates to working at a basic level. Students who go above and beyond the basic requirements are ranked in the student software program according to the number of successfully completed requirements compared to the group as a whole.
5. All practical activities are assessed using accuracy, speed, technical competency and artistry as a basis for the skills grade. Preparedness, customer service and professionalism can raise or lower the final grade significantly.
6. All students should use time in between clients to strengthen areas of weakness.

**Clean Up**

1. All students are assigned a shop job at the close of their day. This job is in addition to each student’s work area maintenance requirement. The Academy provides clean, ample working space and expects all students to keep their space(s) and the common areas work ready.
2. Students are permitted to take their equipment to their car once their jobs are checked and approved.
3. All students are asked to pitch in for students who are still working on a client at 4:30 pm.
4. All stations must be free of personal items at the end of the day/evening. The Academy is not responsible for personal items left unattended overnight or over the weekend.
5. Do not leave water bottles on the stations. Please take them with you when you leave.
6. Students should not leave their mannequins at school. To insure that your mannequins are available for class, it is recommended that you access them from your car, a locker, or your locked bag. The Academy is not responsible for mannequins left unattended.
7. Keep all Academy quota mannequins in ready to use condition. Do not return them to the shelf unwashed or tangled.
8. If you see a mannequin with gel, perm rods, foils, or a half completed project, please earn a quota and make them ready to use. Wash/Dry/Comb.
9. All students leaving at 5:00 pm should be in the building by 4:30 pm. Instructors will monitor a 5:00 pm dismissal.
10. Leave all time cards on premise and do not punch another student’s card.

**Language**

1. All students are expected to conduct themselves in a professional manner. This includes speech, body language, appearance, attitude, and conversation.
2. Students should not discuss personal problems, relationship issues, financial problems, politics, religion, or other students, clients, or educational team members.
3. Students who exhibit unprofessional behavior, use inappropriate language, posture, or threaten another student, client, or team member will be dismissed for the day and a Student Disciplinary Review will be conducted by the Director.
4. Abusive language, public displays of anger/discontent or otherwise uncontrolled behavior are cause for dismissal.
5. Students dismissed for inappropriate behavior will not be readmitted.

**Evaluations**

All students receive benchmark evaluations at 450, 900, 1200, and 1500 scheduled hours. These evaluations are reviewed by the student and Director, signed, and a copy given to the student.
Physical Demands of the Profession
Students should realize that the field of cosmetology requires both strength and stamina. Students having chronic illness/fatigue, back or neck pain, carpal tunnel syndrome, severe skin sensitivity/allergies, prescription induced illness, drug/alcohol addiction, or any condition that causes them to be incapacitated for undetermined periods of time may want to reconsider cosmetology as a profession.

Inclement Weather Policy
In the event of measurable snow, excessive rain, ice, severe storms or potentially dangerous weather, students can access the status of the school in the following ways:
• Call 410-252-4481 or 410-252-4244. A message stating the opening status of the school will be recorded no later than 6:30am.
• Check the Robert Paul Academy Facebook page for inclement weather updates.
• Watch WBAL TV for school status information. The delay/closings ticker at the bottom of the screen runs repeatedly.

Vacations
The Academy is closed on the following days:
• July 4
• Thanksgiving Day (only)
• December 25 & 26
• January 1 & 2
• The Academy is open 9:00am – 1:00pm on December 24 & 31

Attitude
An exceptional personality in addition to above average technical skills is essential to success in the field of cosmetology. Patience, kindness, courtesy, sincerity, and a healthy sense of humor are absolutely necessary to build a profitable clientele. If you do not possess a positive attitude, are defensive or argumentative by nature, unwilling to go above and beyond to be a team player, or are unable to accept constructive criticism and make it work to your advantage, it is time to start developing a more appealing and pleasing personality. “Attitude is contagious. Is yours worth catching?”

Non-Discrimination Policy
Discrimination in any form is against the law. Our school does not discriminate on the basis of race, creed, religion, handicap*, financial status, sex, country, ethnic origin, color, age, or residence in our admittance, instruction, graduation policies, or any other activities which Robert Paul Academy operates. This practice and requirement of non-discrimination also extends to employment by the school and the admission of students in programs and activities operated by the school.
*Providing that the handicap does not hinder student progress in that course of study or the potential for future employment.

Student Records Policy
All students have a right to privacy. Robert Paul Academy will allow the student access to his/her records; permit the student a method of correcting incorrect records and provide safeguards on the availability of student records to others. Only at such time, when designated by the student in writing, will those records of the student be made available to another person. However, certain staff has the right, without the student’s permission to review files in cases of Program Review, I.G.O., NACCAS Review, and Auditor’s Review Request, and must be valid, not frivolous in nature. Robert Paul Academy maintains student records on premise for at least three years, at which time they are archived. Student records are kept in locked filing cabinets.

Previous Educational Training Credit
Robert Paul Academy reserves the right to review transfer students and evaluate competency based on both course of study and amount of hours for which the student wishes to be considered. Transfer students accepted into the Academy will be charged an Enrollment Fee (which may not exceed 10% of the total tuition charged, or $100.00, whichever is less). The down payment required for a transfer student will be the total of the Enrollment Fee, textbooks, uniform, any required equipment, and the cost of the first month’s tuition. Tuition for that part of the course advanced will be adjusted for the advancement allowed. A permanent record is maintained in the student folder documenting this information.

Transfer Procedures
Robert Paul Academy accepts or declines the application of transfer students on an individual basis. The Academy reviews and considers each application on the basis of academics, attendance, and conduct. Robert Paul Academy does not admit transfer students who have been expelled from a previous program as a result of excessive absence or personal conduct issues. The Academy reserves the right to evaluate competency based on our course of study for the
**Student Grievances Procedure**
If a student believes that they have been unfairly treated by a school representative or official, the student must first exhaust all avenues of writing complaints to the school Director by registered mail, return receipt. If this attempt has been fully executed and failed, the student may file a formal complaint with the Commission of Higher Education. All written forms of complaints must contain the following information:
1. What specific actions the student has taken to settle the grievance with school officials.
2. The exact and detailed nature of the improper and unfair treatment, including the names of the persons involved.

The Academy insures that:
1. All staff members have been adequately informed by the school’s grievance policy and procedures.
2. Students are aware of their rights.
3. No negative ramifications will result for the student.

**Drug and Alcohol Policy**
This is to inform you of the Drug-Free Schools and Communications Act Amendments of 1989, Public Law 101-226, and what Robert Paul Academy requires of the staff and students.
Staff and students are prohibited from the unlawful manufacture, distribution, possession, or use of illicit drugs or alcohol. The prohibition applies while on the property of the school or participating in any institutional activity.
Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion or termination from employment.
Staff and students who violate these standards of conduct subject themselves to a disciplinary action. Students are reminded that as a precondition to accepting a Pell Grant, they must sign a certificate stating they would not engage in unlawful manufacturing, distribution, dispensation, possession, or use of a controlled substance during the period covered by a Pell Grant. A Pell Grant recipient convicted of a criminal drug offense resulting from a violation occurring during the period of enrollment covered by the Pell Grant, must report the conviction in writing, within 10 calendar days of the conviction, to the Director, Grants and Contracts Services, U.S. Department of Education, 400 Maryland Ave., S.W, Room 3073, FOB-6, Washington D.C. 20202-4571. Failure to report the conviction could lead to severe penalties.

**School Refund Policy**
1. A refund is money due a student who interrupts/discontinues training.
   a. If the school closes, cancels or discontinues a program, the school shall refund to each currently enrolled student any monies paid by the student for tuition and fees.
   b. All fees paid by the student shall be refunded if the student is not accepted by the school, chooses not to enroll or withdraws from the school within 7 calendar days after signing the contract but before training has begun.
   c. If the student chooses not to enroll after the 7 day cancellation period, the school may retain the registration fee.
2. If a student withdraws once the 7 day cancellation period expires and training has begun, refunds shall be based on the total contract price for the course/program and shall include all fees including the lab fee, registration fee, and any charges for materials and supplies/books which have been purchased by and are the property of the student.
3. The cancellation date for students who officially withdraw will be determined by the postmark date on the letter of notification or by the date the notification was delivered in person.
4. If a student is determined by the school to have withdrawn (14 consecutive school days of absence without notification) but has not personally signed a formal withdraw, the school will give the student 30 days to return to the program through written notification. If the school receives no response, the student will be formally withdrawn from the program.
5. In the case of an official Leave of Absence, a student must return to training on the return date unless they have notified the school of their intent to extend the terms of the original Leave of Absence. Students who do not return from a Leave of Absence will be withdrawn based on the date of expected return to school. Any monies due the student will be paid within 30 days of the date of the last scheduled day of the Leave of Absence. Any monies due the Academy must be paid immediately.
6. Minimum refund: The minimum refund that a school shall pay a student who withdraws or is terminated after the 7 day cancellation period has expired and after instruction has begun is as follows:

Class enrollments are on a monthly basis. Students may select from the following hour schedules:

1. Full time, 33.75 hours per week (5 day classes), 6.75 hours daily or
2. Full time, 28.75 hours per week (5 day classes), 5.75 hours daily or
3. Full time, 29 hours per week (4 day classes), 7.25 hours daily or
4. Full time, 23.75 hours per week (5 day classes), 4.75 hours daily or
5. Full time, 24 hours per week (4 day classes), 6 hours daily or
6. Part time, 19.25 hours per week (day or evening classes) 4 hours Tuesday, Wednesday, Thursday: 7.25 hours Saturday.

Robert Paul Academy requires that students maintain a consistent amount of attendance hours per week. However, the days on which these hour requirements are met are flexible.
Satisfactory Progress Policy and Grading

A major responsibility of all students is to make satisfactory progress. The students must apply themselves in order to learn.

A student must meet both attendance and academic progress requirements of at least one evaluation by midpoint of the course to be making satisfactory progress.

In order to be considered making satisfactory progress toward a diploma, all students must maintain specified grade averages as well as proceed through the course at a pace leading to completion of the program in a specified time frame. For purposes of determining satisfactory progress, each course is broken down into specific intervals of time/evaluation periods, which are approximately equal in length. Evaluations occur at approximate completion of 350 elapsed scheduled hours, 750 elapsed scheduled hours, 1200 elapsed scheduled hours, and 1500 elapsed scheduled hours (or at completion of course, whichever comes first for the cosmetology operator’s course).

Progress records (theory, practical, clinic, and attendance) are maintained daily on each student. Examinations are given periodically and recorded on a progress report. Each student’s academic progress and attendance progress is monitored daily and reviewed during the progress report period unless problems arise before the next scheduled progress report. Students having deficiencies leading to unsatisfactory progress are advised of them and given instruction to see if the problem may be remedied before their next scheduled satisfactory progress evaluation period. Written progress reports are discussed and a copy of the report is given to the student at the time of the counseling/evaluation period if the student so desires.

A student must maintain 75% average in academic and theoretical studies, and 80% in attendance. Students will be considered in satisfactory progress until the next scheduled evaluation. A student receiving an unsatisfactory progress report will have until their next scheduled progress report to achieve a satisfactory rating. If a student receiving an unsatisfactory progress report makes no valid effort to achieve a satisfactory rating on their next scheduled progress report, the individual will, at the discretion of the Director, be placed on probation or terminated. Counseling is available for the students from the Director or an appropriate member of the staff.

Part time cosmetology operator students will be evaluated at the same levels of elapsed scheduled hours and the same policies apply.

Grading System and Student Progress

The student evaluation is made in accordance with the following grade system:

<table>
<thead>
<tr>

<tr>

Amendments to the Higher Education Act of 1965 require institutions to establish standards to determine if students receiving financial assistance under Federal programs are making measurable progress toward completion of their course of study.

When a student does not achieve a 75% level in theory and practical examinations, the individual is given an opportunity to review the work and retake the examination.

These regulations additionally require institutions to establish a maximum time frame in which a student must complete their educational objective. This maximum time frame must then be divided into segments. At the end of each segment, the institution must determine whether the student has completed a minimum amount of work for the student to be considered making satisfactory progress toward their educational goal. Institutions are required to establish both a qualitative as well as a quantitative method of determining if the students are making satisfactory progress.

Robert Paul Academy has composed the following measurement of satisfactory student progress. A student must complete the 1500 clock hour operator’s course in no more than 120% of the normal time frame (1800 scheduled hours for a 1500 hour course) or financial aid will be terminated. This is also the maximum time frame for a student to be considered a course completer.

Robert Paul Academy will determine if the student has completed the minimum amount of work and has not exceeded the maximum number of scheduled hours allowed during that period for the student to be considered making satisfactory progress toward the educational goal. This is the policy to determine if a student is making satisfactory progress.

The above means that each time a student reaches each segment of hours as shown in column one, the student must not have any more than the corresponding number of scheduled hours as shown in column two.

In addition to completing a minimum number of hours of attendance during each segment of the maximum time frame, students must also successfully complete a minimum amount of work during each segment. The minimum amount of work must be successfully completed during each segment is listed below.

**Testing**
Tests are designed to evaluate the unit of learning you have just completed. The tests will help you prepare for the State Board Exam and spotlight the essentials of good salon practices. Tests are given, graded, and entered in the appropriate file/files and returned to the students. A grade of 75% is passing and below 75% is failing. Students must earn at least a grade of 75% on each unit of learning.

The Academy agrees to furnish competent instructors and suitable classrooms, and all major equipment necessary for the course of instruction and study to conform with the curriculum.

### Satisfactory Academic Progress and Grading
All students are permitted to take any failed exam over with the second grade substituting for the first, even if the grade is lower. Since the Academy does not offer noncredit remedial courses or course repetitions, they have no effect upon the satisfactory progress standards. All examination papers are returned to the student. If they need to review the exam paper, the student is to see the instructor in charge of the exam for appropriate time for review. A student reentering a course, deriving from incompleteness of course (withdrawal), must reestablish satisfactory academic progress as to the point of withdrawal. An academic grade point average of 75% is required for theory, practical and completed work requirements.

### Unsatisfactory Academic Progress, Probation, and Termination
All students in the cosmetology operator course who are not maintaining minimum academic requirements, 75% for theory, practical, and work requirements at evaluation/counseling period will be given until their next scheduled evaluation/counseling period to meet the requirements. Students must also maintain 80% attendance for satisfactory progress. Students who receive financial aid funds may receive them during the interim period. If the student fails to meet the requirements by their next evaluation/counseling period, all Federal financial aid funds will be withheld, and the student will, at the determination of the Director, be terminated from the program or placed on probation.
Probation will include an academic plan for SAP remediation providing the student makes a successful appeal. Students will be counseled and extra help will be given in areas of deficiencies during the interim period. All students, including those receiving Federal financial aid funds, are required to complete and/or make up all missed work.
Academic and practical work, required of all students, must be satisfactorily completed within the evaluation/counseling period or the Federal financial aid funds may be interrupted.

### Satisfactory Attendance Policy/Maximum Attendance Time Frame
In order to be making satisfactory attendance progress, students (all courses) must attend regularly. The minimum rate of satisfactory attendance is 80%. Students must complete their program in 120% of their contract time. For example, students enrolled in a 1500 hour program must complete the program in 1800 scheduled hours to be considered a course completer.

**Full Time Cosmetology Operator’s Course-- 36.25 Hours Per Week**
A full time, 33.75 hours per week student will sign a 45 week contract. If the student fails to complete the program in this time frame, a maximum completion time will be calculated with the maximum time frame of 1800 scheduled hours for a
1500 hour program (120% of contracted hours for other contracted hours). The maximum time frame will be noted on the Enrollment Agreement. If the student fails to complete in the maximum time frame, the student will be withdrawn from the program. The student will then sign a new Enrollment Agreement for the remaining hours at the current tuition charge. The new Enrollment Agreement will be for the maximum time frame of 120% of the contracted hours.

**Full Time Cosmetology Operator’s Course– 28.75/29 Hours Per Week**

A full time, 28.75/29 hours per week student will sign a 52 week contract. If the student fails to complete the program in this time frame, a maximum completion time will be calculated with the maximum time frame of 1800 scheduled hours for a 1500 hour program (120% of contracted hours for other contracted hours). The maximum time frame will be noted on the Enrollment Agreement. If the student fails to complete in the maximum time frame, the student will be withdrawn from the program. The student will then sign a new Enrollment Agreement for the remaining hours at the current tuition charge. The new Enrollment Agreement will be for the maximum time frame of 120% of the contracted hours.

**Full Time Cosmetology Operator’s Course– 23.75/24 Hours Per Week**

A full time, 23.75/24 hours per week student will sign a 63 week contract. If the student fails to complete the program in this time frame, a maximum completion time will be calculated with the maximum time frame of 1800 scheduled hours for a 1500 hour program (120% of contracted hours for other contracted hours). The maximum time frame will be noted on the Enrollment Agreement. If the student fails to complete in the maximum time frame, the student will be withdrawn from the program. The student will then sign a new Enrollment Agreement for the remaining hours at the current tuition charge. The new Enrollment Agreement will be for the maximum time frame of 120% of the contracted hours.

**Part Time Cosmetology Operator’s Course– 19.25 Hours Per Week**

A part time, 19.25 hours per week student will sign a 77 week contract. If the student fails to complete the program in this time frame, a maximum completion time will be calculated with the maximum time frame of 1800 scheduled hours for a 1500 hour program (120% of contracted hours for other contracted hours). The maximum time frame will be noted on the Enrollment Agreement. If the student fails to complete in the maximum time frame, the student will be withdrawn from the program. The student will then sign a new Enrollment Agreement for the remaining hours at the current tuition charge. The new Enrollment Agreement will be for the maximum time frame of 120% of the contracted hours.

**Probation For Unsatisfactory Attendance**

At the ends of each evaluation/counseling period, all students’ attendance for the previous evaluation periods will be reviewed. If a student has not attended for the minimum required clock hours (80% of scheduled hours in accordance with the student’s maximum completion time), the student will have until their next evaluation/counseling period to earn the number of required clock hours in accordance with the maximum completion time. Student enrollment will continue. However, students receiving Federal financial aid funds will not receive additional funds until hours previously paid for have been completed.

If the student fails to meet the requirements by their next evaluation/counseling period, all Federal financial aid funds will be withheld, and the student will, at the determination of the Director, be terminated from the program or placed on probation.

**Reestablish Satisfactory Progress/Financial Eligibility**

A student must achieve a 75% average for theory, practical, and work requirements and meet the requirement of 80% attendance described in the attendance policy to reestablish eligibility for satisfactory progress and Federal financial aid funds. Students receiving Federal financial aid funds will not be disbursed funds until hours previously paid for have been completed.

**Appealing Unsatisfactory Progress Determinations/Termination**

In the case of mitigating circumstances, supported by medical, professional or legal documentation. In the family, serious illness, etc., a student may appeal a finding of unsatisfactory progress and/or termination, by submitting a written explanation along with supporting documentation, for reasons the decision should be reversed, and a request for reevaluation of progress to the school Director. The appeal must be received by the Director within seven business days of the unsatisfactory progress finding and/or termination. On an exceptional basis, exceptions to the attendance and academic policies may be granted by the Director. The decision of the Director will be final.

Should a student prevail upon their appeal and be determined as making satisfactory progress, the student will be automatically reentered in the course, and if the student is receiving Federal financial aid funds, they will be reinstated.

**Course Incompletes**

Any student who withdraws from their contracted course or fails to complete their remaining hours will have notice placed in their file as to progress at the point of withdrawal. A student making satisfactory progress at the point of withdrawal may apply for reenrollment to the school one month after the withdrawal date, and will be considered making satisfactory progress at the point of reentry.
A student failing to meet minimum satisfactory progress requirements at the point of withdrawal will be given until their next scheduled progress report to achieve a satisfactory rating. However, Federal financial aid funds will not be reinstated until the student meets the standard, or wins an appeal. Any controversy or claim arising out of or relating to this agreement, or breach thereof, no matter how pleaded or styled, shall be settled by arbitration in accordance with the Commercial Rules of the American Arbitration Association, and judgment upon award rendered by the Arbitrator may be entered in any court having jurisdiction.

**Readmission and Discontinuance**

Students may discontinue their course of study temporarily or permanently. If a student discontinues their course of study and decides to reenroll at a later date, the school reserves the right to reevaluate the student and additional charges may be added. Upon reevaluation, the Director will discuss the results with the student and decide whether all previous hours will be granted. Charges for students who discontinue their course will be computed on the basis of the school’s refund policy.

**Leave of Absence**

Leave of absences shall be granted to students for unusual circumstances on a case by case basis by the Director. Such leaves shall be for a minimum of 20 calendar days up to 180 calendar days in length. The leave of absence may be granted multiple times per enrollment. If a leave is taken in two segments, the total days combined may not be more than 180 days. In the event it is necessary for a student to interrupt his/her training, a letter in writing must be submitted to the Director of the school and must be signed by the student. All medical leaves must be accompanied by a physician’s dated recommendation on the physician’s letterhead. The Financial Aid Director will be notified when a student receiving financial aid benefits is granted a leave of absence. Students on a leave of absence may return prior to the end date of their leave of absence, but will automatically be withdrawn if they do not return by the end date. In returning from a leave of absence, a student’s status as to satisfactory progress will remain the same as it was prior to the leave. Training will be extended the length of the leave of absence and a revised contract ending date documented on the contract.

**FINANCIAL INFORMATION**

**Financial Aid Offerings**

Robert Paul Academy is an eligible institution approved by the U.S. Department of Education to participate in Federal financial aid programs. Financial aid is available for those who qualify, in the forms of:

- **Pell Grants**: Pell Grants are awarded to help undergraduate students pay for their education after high school. For many students, the Pell Grant serves as a “foundation” of financial aid to which aid from other federal and nonfederal sources may be added. Unlike student loans, grants do not have to be repaid. The method of payment for Pell Grants is done by issuing a voucher to the student. Pell Grant distributions are made every 450 hours of physical attendance, provided students are maintaining satisfactory progress according to the standards set by Robert Paul Academy and approved by the National Accrediting Commission of Cosmetology Arts & Sciences.

- **Direct Federal Stafford Loans (Guaranteed Student Loans)**: A Direct Federal Stafford Loan is a low interest loan made to a student by the Federal government. Unlike Pell Grants, students must begin repayment of the Stafford Loan six months after graduation or their last date of attendance in school. It is very important that students maintain a prompt repayment schedule.

All the necessary forms and applications are available online at [www.studentloans.gov](http://www.studentloans.gov). All questionnaires and applications must be completed accurately and submitted on time. The student is responsible for checking the status of their application and ensuring that it has been processed. Assistance is available in the financial aid office. Stafford loans are normally distributed by our processor and are credited electronically to the student’s account.

- **Veterans Administration Approved Programs**: Robert Paul Academy is approved by the Maryland Higher Education Commission to offer training to veterans and other eligible dependents under the VA education benefit programs. Both the cosmetology and manicuring programs are approved by the Veterans Administration for educational benefits. VA applicants with prior training in cosmetology or manicuring will complete an evaluation and credit will be granted where appropriate. Written records regarding the applicant’s prior training will be obtained prior to any evaluation or credit given. The VA applicant and the Department of Veterans Affairs will be notified accordingly.
The VA will be notified of changes in the enrollment status of students certified to receive Veterans Administration benefits. This will include when a student is placed on attendance and/or academic probation, changes to attendance schedules, or terminates training.
